SHADOWRUN CHRONICLES

BOSTON LOCKDOWN

Entrapped in a city plagued by a deadly virus, assaulted by the minions of a mega corporation, attacked by infected and with a dragon on a rampage through the city you have to unearth the secret conspiracy that connects it all.

As the leader of your team of Shadowrunners, you will have to use magic, technology and every weapon available to you, to save the lives of thousands in a city at the brink of extinction.

Grow your character, plan your missions and control your team in combat or play live co-op with other players to overcome the challenges ahead of you. Meet your fellow runners in the Back Alley or hire henchmen to help you succeed.

Street date. April 28th - PC, MAC & Linux
